# COMPUTING

New on-screen computer magazine for VIC-20 users  
Features and games for all memory sizes! Just LOAD and RUN  
to get more from your micro

## GRAPHICS SPECIAL!

With this issue we show  
you how to:

- Expand your screen to 25x30 with full character set!
- Double the size of any character at will!
- Use Hi-Res techniques on-screen!
- Mix and match colours for startling displays!

## PLUS

- New games to play!
- Hunt the killers across the screen to stay alive!
- Cope with the amazing graphics and action to defuze the threat!
- Can you survive the WraithQuest? Superb graphics/text Adventure for 16K!

This tape contains a series of programs chained together to form the magazine.  
It is loaded by pressing

**SHIFT** and **RUN/STOP** together.

Remove all **RAM** expansions before loading. If a program requires extra memory it will be indicated.

On screen prompts are given throughout the issue and these should be followed at all times to obtain the maximum benefit from this publication. Every article has its own filename and can be loaded separately if desired.
